Triple bottom line - Wikipedia The triple bottom line (or otherwise noted as TBL or 3BL) is an accounting framework with three parts: social, environmental (or ecological) and financial. Some organizations have adopted the TBL framework to evaluate their performance in a broader perspective to create greater business value. [1]. 3 Major Differences Between Government & Nonprofit Accounting You might think that government and nonprofit accounting are performed the same, since they use fund accounting principles. However the way in which they operate, organize financial information, and report on their data is very different. Nonprofit Accounting Software, Manage Fund Accounting ... Not all nonprofits need to report to the IRS, but the ones that do need to report where the money came from, how it was spent, and why it was spent. QuickBooks makes it easy to tag expenditures to fundraising, programs, or general & admin so that you can report exactly how each dollar was spent for each program or fund across your organization.
