5 Reasons Why Modern "Medicine" Is The Greatest Failure Of ... (Alanna Ketler) For a very long time, we have bought into this idea that if we are sick the only way that we can get better is under the advice of a Medical Doctor. They are trained extensively on the human body, disease, and illness; they certainly should know a whole lot about how to help sick people, right? Unfortunately, although they generally have the best intentions, most of that which. Addicted to Denial: The Truth About Addicts and Addiction ...
