The story alternates between characters, mainly Libby the mother and Hope the daughter. Through Libby and Hope we really get inside the characters heads and feel all the emotions that they are going through.

Frailty (Film, Psychological Thriller): Reviews, Ratings ... Frailty is a good psychological horror movie. Sure, it's not perfect but it is; enjoyable, different and it's not too long either. I'd say if you're into thrillers with twists and turns and a sort of horror backdrop nichÃ©, then check this one out. Frailty (2001 film) - Wikipedia Frailty is a 2001 American psychological thriller film, directed by and starring Bill Paxton, and co-starring Matthew McConaughey and Powers Boothe. It marks Paxton's directorial debut. The plot focuses on the strange relationship between two young boys and their fanatically religious father. Reviews of Frailty (Film, Psychological Thriller) [Page 2 ... this movie was incredible the first time i watched it. the problem is, the twist, which is truly creative and original, changes the film completely for subsequent viewings. as a guy who likes to watch movies way more than once, this sort of ruins it a little bit for me. i would have given the film 4.5 or even 5 stars the first time through, it was honestly that good, but further viewings have.

A cross-sectional study of family caregiver burden and ... Psychological health of caregivers of people with dementia is a major public concern. This study sought to determine the relationship between caregiver burden, psychological distress, frailty and functional dependency of a relative with advanced dementia.
